Organic Chemistry  
Chemistry 335, Section 02  
Fall 2021

Lecture: Monday and Wednesday 10:00 – 11:20 AM, Room 220 Smith  
Recitation: Friday 2:30 – 3:50 PM, Room 123 Ackerson (Prof. Liotta)

Instructor: Prof. Stacey Brenner-Moyer  
e-mail: seb244@newark.rutgers.edu  
website: www.brennermoyer.com

Mask policy: In order to protect the health and well-being of all members of the Rutgers-Newark community, **masks must be worn by all persons inside campus buildings when in the presence of others**, and in buildings in non-private enclosed settings (e.g., common workspaces, workstations, meeting rooms, classrooms, etc.). **Masks should securely cover the nose and mouth. Masks must be worn during class meetings.** Each day before you arrive on campus or leave your residence hall, you must complete the brief survey on the My Campus Pass symptom checker self-screening app found at: [myRutgers Portal](https://myruts.php.com).

Office Hours: Mondays 11:30 AM – 12:50 PM in 201E Life Sciences Center. Please note that I do not answer “chemistry questions” (i.e., What is the mechanism of the aldol reaction?) over e-mail.

Course Description: Organic chemistry is a required class for so many related fields of study because it requires a student to: 1) think about structures in 3-dimensions, and 2) analyze data using his/her understanding of basic principles to solve a problem. The skills you use to propose a structure for an unknown compound from a set of \( ^1 \)H NMR peaks are the same skills you will use to diagnose a patient with an unknown illness from a set of symptoms. 

This course, in conjunction with Chemistry 336, will provide students with an introduction to organic chemistry concepts. Specifically, this course will cover organic reactions, mechanisms and principles that are relevant to many other sciences and that provide us with a greater understanding of how the natural world works.

Course Objectives: Upon completion of the course, students should be able to:
- Explain and/or apply selected fundamental principles of organic chemistry
- Provide reactants, reaction conditions or reaction products for certain key reactions
- Illustrate the mechanism of certain key reactions

Required Texts and Materials:
   For e-text rentals or hard copy purchases see: [https://www.cengage.com/c/organic-chemistry-8e-brown/9781305580350/?searchisbn=9781305580350](https://www.cengage.com/c/organic-chemistry-8e-brown/9781305580350/?searchisbn=9781305580350)

Recommended Texts and Materials:
1. Molecular model kit, such as: Molecular Model Set for Organic Chemistry, Prentice Hall or Molecularity ([http://ochemkit.com/index.html](http://ochemkit.com/index.html))

Course Evaluation: There will be 3 lecture exams and 1 final exam. Your lowest numerical exam grade will be dropped in your course letter grade determination. The remaining three
exams will be weighted equally in the determination of your overall course grade.

**Lecture Exams and Final Exam:** Exam questions will be derived from lecture notes, assigned textbook readings, homework problems and problems covered in recitation.

**Attendance and Lecture Exam Grades:** There is assigned seating for this course. Attendance will be taken at the beginning of lecture, at the end of lecture, or at both the beginning and end of lecture on unannounced days. If you are not physically in your assigned seat, you will be counted as absent. If you are present all times attendance is taken prior to a lecture exam, 10 points will be added on to your lecture exam grade. If you are present all but one time that attendance is taken prior to a lecture exam, 5 points will be added on to your lecture exam. Please note that attendance points will not be awarded for excused absences.

**Assigning Letter Grades for Exams and for the Course:** Exam letter grades will correspond to numerical grades as follows: A (85-100), B+ (80-84), B (70-79), C+ (65-69), C (55-64), D (50-54), F (0-49).

**Suggestions for Success:** The lecture notes will follow your textbook very closely, and both will provide the foundation for answering the homework problems and exam questions. It is recommended that you attend lecture and read the textbook while the lecture is still fresh in your mind. Alternatively, you may choose to read the textbook before attending the corresponding lecture. Either way, if you do this, you will see the course material twice; the first time will be an introduction to new material, the second time will serve to reinforce what was seen the first time. Additionally, each exam will contain one question taken directly from the lecture notes, so it is to your benefit to attend every lecture!

**Recitation:** Whereas lecture is guided by the professor, recitation is guided by students. The focus of recitation section will be on problem solving, and recitation is a time to have your questions answered.

**Policy for Re-grades:** Re-grades will be allowed only for exams completed entirely in pen. Re-grade requests must be submitted within 1 week of the date on which exams are handed back in class. Please be advised that I will re-grade the entire exam, and a higher or lower score may result. Scores will be changed only if they differ from the original score by ≥3 percentage points.

**Policy for Absence from Exams or Illness During Exams:** The final exam, which is cumulative, will serve as the make-up exam for any student who is absent from a lecture examination with a valid excuse, or who becomes ill during a lecture exam and is unable to complete it.

**Issues of Courtesy:** Lecture and recitation will start as scheduled, at 10:00 AM. Please arrive on time, with your electronic devices turned off. If you must arrive late to lecture, please enter quietly and do not sit in the front row.

**Suggested Problems:**
Ch. 1: 1-19, 20, 21, 23, 25-29, 32, 37, 38, 51, 52, 55, 57, 60
Ch. 2: 1-10, 12-15, 16, 20, 21, 26, 27, 28, 32, 34, 42, 48, 58, 60
Ch. 3: 1-8, 13, 14, 16-19, 22, 23, 26, 27, 30, 31, 37
Ch. 4: 1-6, 8, 9, 10, 12, 15-17, 20, 22, 26, 32, 34
Ch. 5: 3-11, 13, 14, 16, 18, 29, 35
Ch. 6: 2-10, 12, 13, 15-19, 23, 24, 30, 34, 37, 39, 40, 42, 45, 46
Ch. 7: 1-8, 10-14, 16, 17, 20, 23
Ch. 8: 1, 2, 5-15, 29, 30, 32
Tentative Schedule of Course Topics and Exams:

<table>
<thead>
<tr>
<th>Week</th>
<th>Date</th>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Wed. Sept. 1</td>
<td>Chapter 1: Covalent Bonding and Shapes of Molecules</td>
</tr>
<tr>
<td>2</td>
<td>Wed. Sept. 8</td>
<td>Chapter 1: Covalent Bonding and Shapes of Molecules</td>
</tr>
<tr>
<td>3</td>
<td>Mon. Sept. 13</td>
<td>Chapter 2: Alkanes and Cycloalkanes</td>
</tr>
<tr>
<td>4</td>
<td>Mon. Sept. 20</td>

**Mon. Dec. 20**  FINAL EXAM  CHAPTERS 1-12 (11:45-2:45 pm)

Important Dates:
- No class: Mon. Sept. 6, Wed. Nov. 24
- Wed. Sept. 8, Last day to drop a course without a “W” grade
- Th. Sept. 9, Last day to add a course
- Mon. Oct. 25, Last day to drop course with a “W” grade
- 1 Wed. Sept. 8 follows a Monday schedule
- 2 Mon. Nov. 29 follows a Wednesday schedule
Academic Integrity: As an academic community dedicated to the creation, dissemination, and application of knowledge, Rutgers University is committed to fostering an intellectual and ethical environment based on the principles of academic integrity. Academic integrity is essential to the success of the University’s educational and research missions, and violations of academic integrity constitute serious offenses against the entire academic community. The entire Academic Integrity Policy can be found here: http://academicintegrity.rutgers.edu/academic-integrity-policy/

Accommodations and Support: Rutgers University Newark (RU-N) is committed to the creation of an inclusive and safe learning environment for all students. RU-N has identified the following resources to further the mission of access and support:

- **Students with Disabilities:** Rutgers University welcomes students with disabilities into all of the University's educational programs. The Office of Disability Services (ODS) is responsible for the determination of appropriate accommodations for students who encounter barriers due to disability. In order to receive consideration for reasonable accommodations, a student with a disability must contact ODS, register, have an initial appointment, and provide documentation. Once a student has completed the ODS process (registration, initial appointment, and documentation submitted) and reasonable accommodations are determined to be necessary and appropriate, a Letter of Accommodation (LOA) will be provided to the student. The student must give the LOA to each course instructor, followed by a discussion with the instructor. This should be completed as early in the semester as possible as accommodations are not retroactive. More information can be found at ods.rutgers.edu. Contact ODS: (973) 353-5375 or ods@newark.rutgers.edu.

- **Religious Holiday Policy and Accommodations:** Students are advised to provide timely notification to instructors about necessary absences for religious observances and are responsible for making up the work or exams according to an agreed-upon schedule. The Division of Student Affairs is available to verify absences for religious observance, as needed: (973) 353-5063 or DeanofStudents@newark.rutgers.edu.

- **Counseling Services:** Counseling Center Room 101, Blumenthal Hall, (973) 353-5805 or http://counseling.newark.rutgers.edu/.

- **Students with Temporary Conditions/Injuries:** Students experiencing a temporary condition or injury that is adversely affecting their ability to fully participate in their courses should submit a request for assistance at: https://temporaryconditions.rutgers.edu.

- **Students Who are Pregnant:** The Office of Title IX and ADA Compliance is available to assist students with any concerns or potential accommodations related to pregnancy: (973) 353-1906 or TitleIX@newark.rutgers.edu.

- **Gender or Sex-Based Discrimination or Harassment:** Students experiencing any form of gender or sex-based discrimination or harassment, including sexual assault, sexual harassment, relationship violence, or stalking, should know that help and support are available. To report an incident, contact the Office of Title IX and ADA Compliance: (973) 353-1906 or TitleIX@newark.rutgers.edu. To submit an incident report: tinyurl.com/RUNReportingForm. To speak with a staff member who is confidential and does NOT have a reporting responsibility, contact the Office for Violence Prevention and Victim Assistance: (973) 353-1918 or run.vpva@rutgers.edu.
