2. Synopsis

We will survey the United States from the end of the formal Reconstruction era, discussing political, social, and economic changes, and evolving relations with other nations. Our goals are not only to enhance our understanding of United States history, but also to improve our ability to critically analyze evidence and arguments and constantly review, and revise as necessary, our understanding of history.

3. Goals

Our goals include

- A. basic knowledge of modern US history, especially its broad patterns
- B. familiarity with some common interpretations of US history
- C. ability to engage critically with others who often do not share the same interpretations of events
- D. familiarity with use of primary sources, especially the connections between the author's goals and his or her arguments and his or her method of argumentation
- E. improved skills in synthesizing and communicating historical information, and constructing sound arguments

4. Grading Policy

Your course grade will be determined by weighting the graded components as follows:

Unannounced Reading Quizzes	25%
Debate Notes	Cancels two lowest reading quiz grades.
Midterm Exam	25%
Final (non-cumulative) Exam	25%
Research Essay	25%

If you are absent or tardy your score for an exam will be an F unless the absence is excusable. According to the Rutgers catalog, "The recognized grounds for absence are illness requiring medical attention, curricular or extracurricular activities approved by the faculty, personal obligations claimed by the student and recognized as valid, recognized religious holidays, and severe inclement weather causing dangerous traveling conditions." Documentation will be required.

Any student who misses four or more sessions through any combination of excused and unexcused absences will have missed more than a quarter of the class time and will not earn credit in this class. Such students should withdraw from the course to avoid an F.

5. Course Materials

A. Lecture Handouts (We review these in class.)

For each topic listed in the course schedule there will be a handout in the "Course Documents" section of our Blackboard course. Each handout will have a list of key arguments and terms that we'll discuss. Many also have maps, tables, contemporary newspaper cartoons, and/or primary source readings in addition to those assigned in the links in the schedule.

The handouts are in MS Word, and some students open electronic versions in class and take notes directly in their own copies of the handouts.

B. Primary Source Documents (You read these at home.)

You will access these through links on the schedule below.

Primary sources are first-hand accounts, often created by participants or witnesses of events, and sometimes created by first-recorders of events. Examples include, but aren't limited to, memoirs, speeches, documents, data, polls, and contemporary newspaper accounts. Secondary sources are sources created by people who didn't participate or witness events, but often have the benefit of perspective, and typically draw from a variety of sources to create a nuanced and complex history that can account for multiple interpretations. Examples include history books and lectures. We'll try to balance the lectures by reading primary sources in our out-of-class reading.
